### **The Mayan Calendar : A Shamanic Path**

The return of the Heart of the Warrior

The obsidian heart of Mother Earth  
Has begun to beat stronger

The sacred drum has begun to sound,  
Calling to the hearts of all warriors

The time of great change is approaching,  
The time of the Warrior of Hope has arrived.

The history of humankind has always been marked with periods of pain, suffering, illness, wars and death. However, in every generation, every area, every civilization, every nation, there have always existed hearts that have fought to support and keep alive the flame of hope, the anonymous heroes who were, and are, the **Warriors of Hope**.

To train the heart of the warriors, the ancient wise ones everywhere created their own system of spiritual initiation, in Yucatan the Maya created a **Shamanic Path : the Maya Calendar (Oxlahunk'al Beh)**.

The Path of the Maya Warrior creates hearts that are able to connect themselves with the Spirit of Mother Earth and the Consciousness of the Etheral Universe, in order to attain healing, peace, freedom, truth and love. The Oxlahunk'al Beh teaches us how to serve Mother Earth and to help our brothers and sisters.

As the year 2012 approaches the transformation of our Mother Earth accelerates ; are we ready to accompany her and to join her in this transformation like true children of the Universe or do we prefer to continue and suffer like victims ?

Mother Earth is giving us a new opportunity to recognize ourselves as her children, do not waste this marvelous gift. Let us join her in her fight, like faithful warriors, to reach the New Awakening of 2012.

## **Conference 2 : « 2012 »**

Saturday, June 26th 2010 at 19 :00 (2 hours)

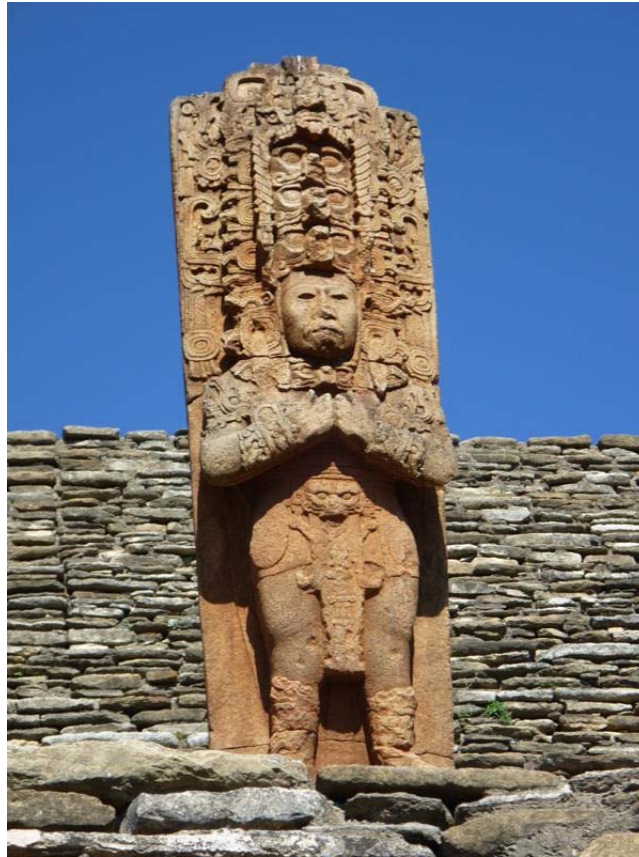

Sunday, June 27th 2010 at 15 :00 (2 hours)

### **« 2012 : Return of the Cosmic Family & Their Mayan Connection »**

2012 gives us a new opportunity to return to our cosmic essence, to take consciousness that we are a micro-cosmos that needs to be in harmony and balance with the macro-cosmos in order to live fully in peace, love and freedom. We should remember we are a micro-mirror that reflects the great universe, of which we form a part, because we are all part of the infinite cosmic consciousness of the Universe, together we are One.

The Mayas studied and registered in their codexes and stelas the great cosmic cycles of the transformation and evolution of the Universe. They knew that our Cosmic Family : Mother Earth, Humankind and Father Sun, together with the Moon and Venus, are included in these great cosmic cycles and that the end of one cycle and the beginning of the next one offers the hope of a new rebirth for humankind.

In 2012, the energy of the Universe renews once again, opening a new portal for human, planetary and cosmic evolution. For the human being, this cosmic « moment » is a new opportunity to cross through this portal, together with our Cosmic Family, to a new awakening.
